

Land For Sale in Corrido

10650 mq | Bathrooms: 0 | Bedrooms: 0 | Rooms: 0

In the municipality of Corrido, in a hilly area with spectacular views of Lake Lugano, about a 10-minute drive from Porlezza and half an hour from the Swiss border at Lugano-Gandria, we are selling a large plot of land intended for tourism and hospitality. The plot is located west of the historic center of Vesetto; the area is bordered to the south by the ancient road connecting it to the Porlezza valley, and to the north, a chestnut forest provides a picturesque backdrop.

Morphologically, the area features a flat part in the central zone, surrounded by sloping portions.

Access to the area is via an existing connection to the provincial road.

An approved implementation plan exists. If interested, please contact us for more information.
